ALL COUNTY MENTAL HEALTH DIRECTORS

SUBJECT: FUNDING MATRIX

REASON FOR THIS TRANSMITTAL

- State Law Change
- Federal Law or Regulation Change
- Court Order
- Clarification Requested by One or More Counties
- Initiated by CDSS

The purpose of this information notice is to transmit a funding matrix resource tool that is intended to assist counties in identifying sources of social service, employment development and mental health program funds that can be used to support the provision of comprehensive, integrated services to children and families. This matrix was a combined effort between the California Department of Social Services (CDSS) and the Cathie Wright Technical Assistance Center.

The matrix contains the following components for each identified program: eligibility requirements, description/services, funding source/sharing ratios, documentation needed and contact resources. Definitions of each component are contained in the attached document. Although CDSS is not intending to update this document on a regular basis, updates may be provided if significant changes occur in a particular program or funding stream. Counties may also access the matrix electronically through the CDSS home page: <http://www.dss.ca.gov>.

Additionally, the California Department of Education (CDE) has an existing funding matrix that can be downloaded from their home page on the Internet: <http://www.cde.ca.gov>. Look under the Healthy Start or After School "Requests for Application." The CDE funding matrix is attached to the appendices of both documents.

If you have questions regarding the attached funding matrix, please contact the Fiscal Policy Bureau at (916) 657-3440 or Child Welfare Services Bureau at (916) 445-2890.
